

M Series / F6S

FEATURES

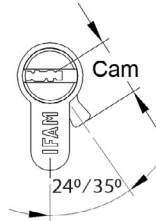

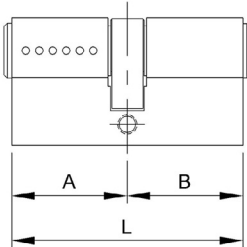

- Profile:**
 - European.
 - Certified to EN:1303:2015.
- Body:**
 - Made of extruded brass.
 - Brass and nickel matt finish.
- Internal components:**
 - 6 hardened-pin row with thousands of differs.
 - Anti-bumping system.
 - Anti-picking system.
 - Stainless steel springs.
- Cam:**
 - Standard DIN cam (15mm) and short cam (13.2mm) available.
- Range:**
 - Standard cylinders, half cylinders, cylinders with adjustable axis, cylinders with adjustable tab for doors with panic bars, cylinders with adjustable cam angle and thumb turn cylinders.
- Opening / locking:**
 - Emergency system (optional): the door will open even if a key blocks the opposite end of the cylinder.
- Keys:**
 - Security dimple key with thousands of differs.
 - Supplied with 5 keys.
 - Key compatible with: M Series cylinders; Titan, Huno 80 and Armoured S padlocks, CS88 M50/M70, CS88 LV and B6/50 rim locks.
- Packaging:**
 - Box packed.

SERVICES

- Keying alike service.
- Certain key number service.
- Master keying service.
- Unique key solution.
- Assembly kit (special for locksmiths)
